I understand that my son/daughter has not received the teacher's recommendation for enrollment in \_\_\_\_\_ for the 2009/2010 school year. I believe, however, that he/she is capable of handling the rigor of this course. As a result, I am requesting that, schedule permitting, my son/daughter be allowed to enroll in this course for the 2008/2009 school year, understanding that:

- Neither the rigor nor the pace of the course will be adjusted to accommodate my son/daughter.
- Any withdrawal from the course after the issuance of the first progress report will be recorded as a **withdrawal F (FWD) or withdrawal P (PWD)**.
- Should my son/daughter decide to withdraw from the course, space may not be available in an alternative course.
